

A Social Distancing Story

Everyone's talking
about a thing named
Corona.

So, even though I
really want to go
out, I'm not gonna.

“6 feet away” is what I hear all day.

“Social Distancing” that’s what they say.

If you're older than two,
and need to go out...

keep a mask on your
face, don't fuss or
pout.

If you sneeze you
know just what to do:

Cover your mouth
when you say “a
choo”.

Social distancing
doesn't mean you can't
go out to play...

it just means, for a
while, our friends must
stay away.

I know some days
this might make you
feel sad...

but one day soon we
will all be healthy and
glad.

On days that are hard
there is still lots you
can do:

Walk, dance, sing,
color, bike, or take a
virtual trip to the zoo!

Don't forget, this will
soon end.

Follow these tips to
stay healthy my
friend!
