An Initiative of THE CHILDREN'S TRUST | THRIVE BY 5

COMMUNICATION WITH STAFF AND FAMILIES

DID YOU KNOW?

Family engagement improves children's attendance, academic performance, and behavior.

Communication can be facilitated by technology like WhatsApp, Class Dojo, Instagram, and Facebook.

Consistent communication encourages collaboration on behavioral plans and continuation of intervention strategies at home.

Soliciting anonymous feedback can improve classroom management and overall program quality,

How do you engage staff and families with whom communication is challenging?

REFLECT ON THIS...

START YOUR JOURNEY!

Show interest to communicate with staff and families.

Post announcements in visible areas and platforms.

Use simple and direct language in your communication.

Communicate about children's strengths and successes, not just concerns.
